EDUCATION

NORTH SOUTH UNIVERSITY

Bachelor of Architecture (B.Arch) |

GPA: 2.7/4.0 (82%)

Graduated Jan 2021

RELEVANT COURSES

SKILLS

Tools

Construction Documents • BOQ Preparation
• **AutoCAD** • **SketchUp** • 3ds Max • **Revit** •
Rhino • Creating computer-generated 3D
models and rendering • Prepared 3D models
for necessary representation and
implementation • Prepared 3D model of
architecture and landscape of the project •
Prepared 3D models and renderings for visual
representation • Prepared 3D models and
renders

Soft Skills

Communication • Teamwork • Independent
Work • Proficient in diverse digital design
software • Preparation of preliminary and
detailed architectural drawings • Prepared
technical and detailed drawings • Prepared
working drawings for residential, commercial
and interior projects • Prepared detailed
drawings for interior projects • Arranged
RAJUK sheets and layouts

ACTIVITIES

CAREER GOAL

Highly motivated Architect with a demonstrated ability to translate design concepts into detailed construction documents and 3D visualizations, seeking to leverage expertise in AutoCAD, SketchUp, and Revit at Shibori Ltd. to contribute to innovative and sustainable design solutions.

WORK EXPERIENCE

ARCHITECT

RSB Properties Ltd. | Oct 2022 - Jul 2023 (9 months)

- Prepared design solutions and construction documents, applying problem-solving skills to address design challenges while meeting project schedules.
- Collaborated effectively with cross-functional teams, including engineers and contractors, to ensure seamless project execution.
- Utilized strong communication skills to present design concepts and technical drawings to clients and stakeholders.

ARCHITECTURAL INTERN

Tania Karim, Nurur Rahman Khan and Associates (TKNRK) | Jun 2019 - Sep 2019 (3 months)

- Contributed to the design and development of architectural drawings, applying knowledge of building codes and regulations.
- Demonstrated proficiency in using software for 3D visualization and rendering, enhancing the presentation of design concepts.
- Gained practical experience in preparing construction documents, including BOQs, contributing to the successful execution of projects.

TECHNICAL TRAINEE ON REASONABLE ACCOMMODATION AND ACCESSIBILITY

Humanity Inclusion (HI), Centre for the Rehabilitation of the Paralysed (CRP) | Jan 2022 - Jul 2022 (6 months)

- Developed technical drawings and 3D models that met accessibility standards and guidelines.
- Collaborated with a team to assess and analyze the accessibility of built environments.
- Utilized design skills to propose and present solutions that promoted inclusivity and accessibility.

PROJECT EXPERIENCE
